

Update W/B 22 February

Arrangements for Senior Phase pupils who will be in school to do practical subjects.

Be Ambitious. Be Responsible. Be Safe.

- Senior Phase pupils will not be permitted to go to the local shops at lunch time and then return to the school for their afternoon session
- This is a health and safety mitigation to reduce the risk of Covid 19 infection being brought into the school.
- Parents should provide a packed lunch or upload lunch money to Parent Pay, so they can order a school lunch.
- Pupils can eat their lunch in the school or outside in the playground area, if they prefer.
- Senior Phase pupils will only have half an hour for lunch.
- SQA qualifications: there is no time to waste!
- If Senior Phase pupils do not fully commit to attend school at the identified times and do all of the practical work provided, then they will not pass the qualification.
- Senior Phase pupils coming in must be prepared to follow every instruction given by their teacher, so that they can make the rapid progress needed and evidence can be gathered.
- Pupils must use every opportunity
